All of the field's must-have information is delivered in an easy-to-grasp, visually clear and precise design.

A comprehensive, all-in-one review of the information you need to know to pass your nursing exams! Updated with the latest test plan and written in an easy-to-read outline format, HESI Comprehensive Review for the NCLEX-PN® Examination, 6th Edition prepares you for success on both the HESI exit exam and the NCLEX-PN®. This trusted guide breaks down chapters by clinical areas and the concepts emphasized on the NCLEX-PN® exam, so you can easily search for various topics to review. Rationales are provided for any incorrect answers or areas of weakness to help strengthen your understanding. The companion Evolve website also offers 750 practice questions, including alternate item formats, in both study and exam modes to give you valuable practice using the same electronic testing format you will face on the nursing school exit exam and on the NCLEX-PN® exam.

HESI Hint boxes spotlight important clinical information and concepts commonly tested on the NCLEX-PN® exam. 750 NCLEX practice questions on the companion Evolve website include alternate item formats to provide a testing experience similar to the HESI exit exam and the NCLEX-PN® exam. Pharmacology tables highlight the need-to-know drug therapy content emphasized on the NCLEX-PN® exam. Critical thinking study questions with rationales reinforce key concepts and content. Chapters organized by clinical area enable you to easily search for various topics to review. Consistent format and chapter organization make it easy to move between topics when reviewing. NEW! Thoroughly updated content incorporates clinical updates and reflects the latest NCLEX-PN® test plan. EXPANDED! 200 additional NCLEX practice questions on the Evolve site assist you with practice. Kaplan's NCLEX-PN Content Review Guide provides comprehensive review of the essential content you need to ace the NCLEX-PN exam. The Best Review * Covers all the must-know content required to pass the NCLEX-PN * Content is organized in outline format and easy-access tables for efficient review * Chapters follow the NCLEX's Client Need Categories so you know you have complete content coverage * Kaplan's acclaimed Decision Tree and expert strategies help you master critical reasoning * Used by thousands of students each year to succeed on the NCLEX-RN Expert Guidance * Kaplan's expert nursing faculty reviews and updates content annually. * We invented test prep—Kaplan (www.kaptest.com) has been helping students for almost 80 years. Our proven strategies have helped legions of students achieve their dreams.

Supply chain management, rapidly-advancing and growing ever more important in the global business climate, requires an intense understanding of both underlying principles and practical techniques. Including both a broad overview of supply chain management and real-world examples of SCM in companies ranging from small to large, this book provides students with both the foundational material required to understand the subject matter and practical tips that demonstrate how the latest techniques are being applied. Spanning functional boundaries, this well-regarded book is now in its second edition and has quickly become a standard course text at many universities. This newest edition continues to provide a balanced, integrative, and business-oriented viewpoint of the material, and deeply explores how SCM is intertwined with other organizational functions. New material has been added to address the importance of big data analytics in SCM, as well as other technological advances such as 3-D printing, cloud computing, machine learning, driverless vehicles, the Internet of Things, RFID, and others.

Passing the HESI Admission Assessment Exam is the first step on the journey to becoming a successful healthcare professional. Be prepared to pass the exam with the most up-to-date HESI Admission Assessment Exam Review, 5th Edition! From the testing experts at HESI, this user-friendly guide walks you through the topics and question types found on admission exams, including: math, reading comprehension, vocabulary, grammar, biology, chemistry, anatomy and physiology, and physics. The guide includes hundreds of sample questions as well as step-by-step explanations, illustrations, and comprehensive practice exams to help you review various subject areas and improve test-taking skills. Plus, the pre-test and post-test help identify your specific weak areas so study time can be focused where it's needed most. HESI Hints boxes offer valuable test-taking tips, as well as rationales, suggestions, examples, and reminders for specific topics. Step-by-step explanations and sample problems in the math

section show you how to work through each and know how to answer. Sample questions in all sections prepare you for the questions you will find on the A2 Exam. A 25-question pre-test at the beginning of the text helps assess your areas of strength and weakness before using the text. A 50-question comprehensive post-test at the back of the text includes rationales for correct and incorrect answers. Easy-to-read format with consistent section features (introduction, key terms, chapter outline, and a bulleted summary) help you organize your review time and understand the information. NEW! Updated, thoroughly reviewed content helps you prepare to pass the HESI Admission Assessment Exam. NEW! Comprehensive practice exams with over 200 questions on the Evolve companion site help you become familiar with the types of test questions.

This innovative book prepares students for the NCLEX-PN exam with thorough content review and 3,000 practice questions. Silvestri provides readers with information on NCLEX-PN preparation, test-taking strategies and the NCLEX-PN from students' perspectives. A free CD-ROM contains all 1,600 questions from the book plus 1,400 additional questions.

Take your first step toward a successful career in medical coding with guidance from the most trusted name in coding education! The bestselling Buck's Step-by-Step Medical Coding is a practical, easy-to-use resource that shows you exactly how to code using all current coding sets. To reinforce your understanding, practice exercises follow the explanations of each coding concept. In addition to coverage of reimbursement, ICD-10-CM, CPT, HCPCS, and inpatient coding, an Evolve website includes 30-day access to TruCode® Encoder Essentials. No other book so thoroughly covers all coding sets! Theory and practical review questions (located at the end of each chapter) focus on recalling important chapter information and application of codes. A step-by-step approach makes it easier to build your coding skills and remember the material. 30-day trial to TruCode® Encoder Essentials gives you experience with using an encoder (plus access to additional encoder practice exercises on the Evolve website). UNIQUE! "Real-life" coding reports simulate the reports you will encounter as a coder and help you apply coding principles to actual cases. Online activities on Evolve provide extra practice with assignments, including coding reports. More than 450 illustrations help you understand the types of medical conditions and procedures being coded, and include examples taken directly from Elsevier's professional ICD-10 and HCPCS manuals. Learning objective and glossary review questions reinforce your understanding of key chapter concepts and terms UNIQUE! Four coding-question variations — covering both single-code questions and multiple-code questions and scenarios — develop your coding ability and critical thinking skills. UNIQUE! Coders' Index in the back of the book makes it easy to quickly locate specific codes. Official Guidelines for Coding and Reporting boxes show the official guidelines wording for inpatient and outpatient coding alongside in-text explanations. Exercises, Quick Checks, and Toolbox features reinforce coding rules and concepts, and emphasize key information. Valuable tips and advice are offered in features such as From the Trenches, Coding Shots, Stop!, Caution!, Check This Out, and CMS Rules. Sample EHR screenshots (in Appendix D) show examples similar to the electronic health records you will encounter in the workplace. NEW! Coding updates include the latest information available, promoting accurate coding and success on the job.

This social work research methods text is written in an accessible, reader-friendly style and includes numerous examples of how

research can be used to inform social work practice. It is part of the Connecting Core Competencies Series that integrates CSWE's core competencies and practice behaviors throughout.

Get the most out of your textbook with this helpful study tool! Corresponding to the chapters in Fundamentals of Nursing, 8th Edition, by Patricia Potter et al., this study guide helps you understand key concepts with review questions, exercises, and learning activities. Skills checklists on an Evolve companion website help you learn and master important nursing procedures. Preliminary Readings refer back to related chapters in Fundamentals of Nursing, 8th Edition. Comprehensive Understanding sections help you master the key topics and main ideas in each chapter. Case studies and Critical Thinking Model exercises help you apply what you've learned. Multiple-choice review questions evaluate your understanding of key chapter objectives. Content updates match the new information in Fundamentals of Nursing, 8th Edition. Updated skills performance checklists are now available on the Evolve companion website, and are both interactive and printable.

Today's economy may be tough, but economics doesn't have to be. Let Roger Arnold's MACROECONOMICS, 12E open up the world of economic analysis. With more detailed coverage of the financial and economic crisis than any other principles text on the market, this inviting book offers innovative and engaging learning features and easy customization. The author weaves memorable examples from pop culture throughout this edition and bolsters reader interest by illustrating the unexpected places macroeconomics occur. Readers see how economic forces link to every day events and form an important part of life 24/7. Coverage of the latest macroeconomic developments and new content reflect today's changing economy and equip readers with a thorough understanding of contemporary macroeconomics. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Reading Passages Informational Sources Mathematics Numbers and Operations Algebra Statistics and Geometry Science Scientific Reasoning Life Science Human Body Science Chemistry Physics Earth and Space Sciences English and Language Usage Parts of Speech Sentence Structure Test Your Knowledge Two TEAS V Practice Tests About the TEAS Test There are a total of 170 questions on the TEAS exam; however twenty of them are unscored and used only by the test makers to gather information. That means 150 of the questions you answer will count toward your score. Scoring You cannot pass or fail the TEAS exam. Instead, you will receive a score report that details the number of questions you got right in each section and also gives your percentile rank, which shows how you did in comparison with other test takers. Each school has its own entrance requirements, so be sure to check the requirements of the institutions you want to attend, so you can set appropriate goals for yourself. About Trivium Test Prep Trivium Test Prep's study materials are created by industry and educational experts. Other TEAS exam prep study guides simply tell you what is on the test, not how that material is applied or, more importantly, HOW TO STUDY FOR IT. Trivium's TEAS exam book is different. Our dedicated professionals know how people think and learn, and have created our TEAS test book based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our TEAS exam study guide are specifically tailored for your exact needs.

Vander's Human Physiology, twelfth edition, carries on the tradition of clarity and accuracy, while refining and updating the content to meet the needs of today's instructors and students. The twelfth edition features a streamlined, clinically oriented focus to the study of human body systems. It has also responded to reviewer requests for more clinical applications. Chapter 19 was new for the eleventh edition, with three complete case studies. The twelfth edition will contain an additional new case study. Additional Physiology Inquiries have been added to many figures throughout the chapters. These critical-thinking questions are just one more opportunity to add to the students learning experience. This review module is a component of the Comprehensive Assessment and Review Program and is designed to be used in conjunction with content area exams. It includes key points and critical thinking exercises (with answer keys) for nursing management for a variety of conditions.

Review Guides/Certification Prep/Pocket Guides

The overall goal of this Assessment Technologies Institute, LLC (ATI) Content Mastery Series module is to provide nursing students with an additional resource for the focused review of "Fundamentals for nursing" content relevant to NCLEX preparation and entry level nursing practice.

Prepare for a successful career in caring for geriatric populations! Williams' Basic Geriatric Nursing, 7th edition is an easy-to-read text which presents the theories and concepts of aging along with appropriate nursing interventions. This comprehensive book helps you understand the unique physiologic and psychosocial changes that affect the elderly adult. Threaded throughout this new edition are practical QSEN boxes and Nurse Alert features, which highlight safety, cultural considerations, health promotion, coordinated care, and home care specific to elderly patients. In addition, an online Study Guide, NCLEX®-PN review questions, and real-world clinical situation boxes help you to study for exams and apply concepts to practice. Coordinated Care boxes address such topics as restraints, elder abuse, and end-of-life care as related to responsibilities of nursing assistants and other health care workers who are supervised by LPN/LVNs. Clinical Situation boxes present patient scenarios with lessons for appropriate nursing care and patient sensitivity. UNIQUE! A FREE Study Guide, presented in a comprehensive PDF format on Evolve, reinforces your understanding. 10th grade reading level makes learning easier for you. Nursing Care Plans include Critical Thinking boxes to help you to assimilate and synthesize information. Nursing Process sections provide a framework for the discussion of the nursing care of the elderly patient as related to specific disorders. Cultural Considerations throughout text cover biocultural variations as well as health promotion for specific ethnic groups so you can provide culturally competent care. Health Promotion and Patient Teaching boxes highlight health promotion, disease prevention, and age-specific interventions. Home Health Considerations boxes provide information on home health care for the older adult. NEW! QSEN boxes provide you with the

knowledge, skills, and attitudes necessary to continuously improve the quality and safety of care of the older adult. NEW! Nurse Alert feature emphasizes important safety and health promotion content specific to the elderly patient. NEW! Updated and expanded art program makes learning the material easier through clear and timely photographs and illustrations.

All financial professionals need to understand and quantify the risks associated with their decisions.

This book provides a complete guide to risk management with the most up to date information. • Understand how risk affects different types of financial institutions • Learn the different types of risk and how they are managed • Study the most current regulatory issues that deal with risk • Get the help you need, whether you're a student or a professional Risk management has become increasingly important in recent years and a deep understanding is essential for anyone working in the finance industry; today, risk management is part of everyone's job. For complete information and comprehensive coverage of the latest industry issues and practices, Risk Management and Financial Institutions, Fifth Edition is an informative, authoritative guide.

This practical, real-world approach provides all of the how-tos, what-tos, when-tos, and why-tos you need to master the art and science of assessment in a well-organized, well-illustrated text that makes the material easier to learn now and reference later.

The book simplifies the approach to assessment in two ways. First, it focuses on the normal and the normal variants of the adult,

child, elderly, and pregnant patients that you'll see most frequently in practice. Then, when a finding falls outside of those parameters, you'll be able to identify it as abnormal. Second, assessment is presented as a linear and consistent process; so you are able to undertake the same steps in the same order to ensure that you don't miss anything.

Intermediate Accounting, 6/e is built around a Learning System designed to prepare students for the new CPA exam and the business world, by emphasizing decision making. Acknowledging the diversity of students and their learning styles, the authors have created a clear text and varied supplemental materials to aid the success of every student. Intermediate Accounting, 6/e also provides a flexible and consistent supplemental package for instructors.

Second edition titled: Evolve Reach comprehensive review for the NCLEX-RN examination.

Good police officers are often promoted into supervisory positions with little or no training for what makes a good manager. Effective Police Supervision provides readers with an understanding of the group behaviors and organizational dynamics necessary to understand the fundamentals of police administration. The Effective Police Supervision Study Guide, which includes quizzes and other study tools, gives students, as well as professionals training for promotional exams, a way to review the material and be fully prepared for examinations and the world of police supervision. This new edition, like the new edition of the textbook it accompanies, includes information on the following topics: police accountability, police involvement with news media, dealing with social media, updates on legal considerations, and avoiding scandals.
