Ten men want to build a hunting cabin. Their hot wives come up with an idea to help them raise money-put on a show and sell tickets. Little do the men know, they will be the show-entered into a competition to be voted the best of five bride-and-groom couples. Half of them will be feminized and the other half grooms. The story is told from the perspective of one of the hunting buddies, now a feminized husband, who realizes that feminization has given him unexpected power. His epiphany completes his transformation into someone with power and desires he'd never dreamt of. As more and more people buy tickets to the event, the rewards of winning become greater-especially with all the new cravings and longings brought on by enforced chastity, feminization, and manipulative conditioning in their female-led relationships. Besides building the hunting cabin, the money from winning could totally transform one of them into an enticing, she-male slut-something they are learning to long for more and more every day. The grooms busily and eagerly learn to take care of their hunting

buddies as brides. The brides devotedly learn the pleasures of pleasing their grooms. The hot wives all passionately interview boyfriends to indulge themselves while the ten husbands in chastity watch. Will the hunting cabin ever be built, or will it become entirely another type of vacation resort? Will the new brides ever want to be men again? How many boyfriends can the wives manage to choose? Experience this x-rated tale of forced feminization where males in chastity are cuckolded and manipulated to become a bride or become a groom to their previous hunting buddies, while their wives have the time of their lives with other men. Forced crossdressing, and denial through male chastity, drive the feminized husbands to hunger for longer and harder things than they ever had wanted. Yearn for their rewards along with them and cheer them on as they all pursue newly found intense indulgences. Look inside and start reading now. Immerse yourself in the sensations. Experience the power.

Hamlet tells Horatio that there are more things in heaven and earth than are dreamt of in his philosophy. In *Double Vision*, philosopher and literary critic Tzachi Zamir argues that there are more things in Hamlet than are dreamt of--or at least conceded--by most philosophers. Making an original and persuasive case for the philosophical value of literature, Zamir suggests that certain important philosophical insights can be gained only through

literature. But such insights cannot be reached if literature is deployed merely as an aesthetic sugaring of a conceptual pill. Philosophical knowledge is not opposed to, but is consonant with, the literariness of literature. By focusing on the experience of reading literature as literature and not philosophy, Zamir sets a theoretical framework for a philosophically oriented literary criticism that will appeal both to philosophers and literary critics. Double Vision is concerned with the philosophical understanding induced by the aesthetic experience of literature. Literary works can function as credible philosophical arguments--not ones in which claims are conclusively demonstrated, but in which claims are made plausible. Such claims, Zamir argues, are embedded within an experiential structure that is itself a crucial dimension of knowing. Developing an account of literature's relation to knowledge, morality, and rhetoric, and advancing philosophical-literary readings of Richard III, Macbeth, Romeo and Juliet, Othello, Antony and Cleopatra, Hamlet, and King Lear, Zamir shows how his approach can open up familiar texts in surprising and rewarding ways. Framed by a comprehensive review of international research, literature, and film, this book is an intimate journey into the experiences and insights of 79 Australian women in relationships with bisexual men. It takes us into the daily lives, sexual intimacies, and families of MOREs (mixed-orientation relationships)

that span the gamut from extremely oppressive experiences with bi-misogynist men to extremely liberating with bi-profeminist men. Aged 19 to 65, the women are in monogamous, open, and polyamorous relationships with bisexual-identifying and/or bisexual-behaving men. The women themselves are bisexual, lesbian, heterosexual, while others refuse to categorize their own sexualities. The book addresses the discovery or disclosure of the man's bisexuality, how the relationships work and where they flounder, how the partners negotiate and establish 'new rules' and boundaries to maintain their relationship, and the impact of class, rural/urban setting, ethnicity, indigeneity, race, religion, and education on these relationships. But this book isn't only about MOREs. The research, revelations and reflections in this book tell us much about current and shifting global constructions and understandings of intimate relationships, sexual desires and love, and the socio-cultural representations and labeling of genders and sexualities.

This book offers a philosophical reflection on the nature of language by reading some exemplary works of literature. Drawing on the thought of philosophers—especially Plato, Kant, Hegel, Emerson, Benjamin, Adorno, Heidegger and Wittgenstein, the author argues that language is the bearer of a utopian or messianic promise of happiness, and that by redeeming the revelatory power of words, the two writers in this study are contributing to the redemption of the promise of happiness in a world of reconciled antagonisms and contradictions.

The clash of faith and science in Napoleonic France  
The Dendera zodiac—an ancient bas-relief temple ceiling adorned with mysterious symbols of the stars and planets—was first discovered by the French during Napoleon's campaign in Egypt, and quickly provoked a controversy between scientists and theologians. Brought to Paris in 1821 and ultimately installed in the Louvre, where it can still be seen today, the zodiac appeared to depict the nighttime sky from a time predating the Biblical creation, and therefore cast doubt on religious truth. The Zodiac of Paris tells the story of this incredible archeological

find and its unlikely role in the fierce disputes over science and faith in Napoleonic and Restoration France. The book unfolds against the turbulence of the French Revolution, Napoleon's breathtaking rise and fall, and the restoration of the Bourbons to the throne. Drawing on newspapers, journals, diaries, pamphlets, and other documentary evidence, Jed Buchwald and Diane Greco Josefowicz show how scientists and intellectuals seized upon the zodiac to discredit Christianity, and how this drew furious responses from conservatives and sparked debates about the merits of scientific calculation as a source of knowledge about the past. The ideological battles would rage until the thoroughly antireligious Jean-François Champollion unlocked the secrets of Egyptian hieroglyphs—and of the zodiac itself. Champollion would prove the religious reactionaries right, but for all the wrong reasons. The Zodiac of Paris brings Napoleonic and Restoration France vividly to life, revealing the lengths to which scientists, intellectuals, theologians, and conservatives went to use the ancient past for modern purposes.

This book presents the first in-depth study of online misogyny and the manosphere from a psychoanalytic perspective. The author argues that the men of the manosphere present contradictory thoughts, desires and fantasies about women which include but also go beyond misogyny. They are in a state of dis/inhibition: torn between (un)conscious forces and fantasies which erupt and are defended against. Dis/inhibition shows itself in self-victimization and defensive apathy as well as toxic agency and symbolic power and expresses itself in desire for and hatred of other bodies. The text draws on the psychoanalytic thinkers Klaus Theweleit, Elisabeth Young-Bruehl, Jessica Benjamin and Wilhelm Reich to present detailed analyses of the communities within the so-called manosphere, including incels, Men Going Their Own Way (MGTOW), alt-right YouTubers and NoFap users. Drawing on wider discussions about the status of

sexuality in contemporary neoliberal technoculture since the sexual revolution of the late 1960s, it illuminates how sexuality, racism and images of the white male body shape the fantasies and affects of many men on the internet and beyond. Integrating a unique theoretical framework to help understand how today's increase in online misogyny relates to the alt-right and fascism, *Online Misogyny and the Manosphere* is an important resource for academics in a variety of fields including psychoanalysis, media and communication studies, internet studies, masculinity research and more.
