As provider networks on military bases are overwhelmed with new cases, civilian clinicians are increasingly likely to treat military families. However, these clinicians do not receive the same military mental-healthcare training as providers on military installations, adding strain to clinicians' workloads and creating gaps in levels of treatment. Families Under Fire fills these gaps with real-world examples, clear, concise prose, and nuts-and-bolts approaches for working with military families utilizing a systems-based practice that is effective regardless of branch of service or the practitioner's therapeutic preference. Any civilian mental-health practitioner who wants to understand the diverse needs of military personnel, their spouses, and their families will rely on this indispensable guidebook for years to come.

The Buddha and His Dhamma was B.R. Ambedkar's last work. Published posthumously, it presented a radical reorientation of Buddhist thought and literature, aptly called navayana. It deals with Ambedkar's conceptualization of Buddhism and the possibilities it offered for liberation and upliftment of the Dalits. It presents his reflections on the life of the Buddha, his teachings, and the spread of Buddhism by interweaving anecdotes with detailed analyses of the religion's basic tenets. The author also includes important elements of the Buddhist canon and tradition to make the teachings more accessible. In the first critical and annotated edition of this work, the editors address the on-going debate on Ambedkar's interpretation of the Buddha's dhamma by focusing on the accuracy of his citations and providing missing sources. They also discuss Ambedkar's modification of source materials. The introduction contextualizes the scholarly work related to the text.
