Wouldn't You Like To Be Propelled Into The Abundant Life? You will soon learn...3 Reasons Why God Delights In Your Success / The Power of Understanding / Wisdom Defined and many more topics. A Fascinating Concept of The Weapons of Understanding.

To write a book is to get naked; that is, to be transparent and vulnerable. To begin, let me apologize to the writing technicians, I struggle with convention, because at heart, I'm an artist. At times, I may raise an eyebrow or two, with my pronoun choices and seeming capitalization miscues. When you see that, look out, because I am likely attempting to communicate a nuanced meaning, or, I may just be partial to a form, stylistically, as we creatives sometimes do. My mentor, Dr. Mike Murdock, challenged me to "document my persuasion". So this writing is the first official evidence of my obedience to his mission. If I die tonight, the ideas contained herein can guide my children for a lifetime. Hopefully, many others will glean the heart of YHWH from my humble contribution to the spectrum of faith. At the end of the day, we must all believe in something, for that is what it means to be human. My submission here is that we should trust "Love" above all. Yahshua is Love. My intent here is not to offend anyone who hasn't accepted Yahshua as savior. My goal is simply to share some of the thoughts governing my decision to make Him, Yahshua, Lord of my life. This work is designed to be a crash course on loving, which means it's not comprehensive. But compact, so you'll probably want to read it a few times to capture the full message. In your hands is the results of over eighteen years of intense love observations. If you are willing to acquiesce to Love's lure, you will share this book with everyone you meet. You won't

fantasy and lovingly garnished with wit and frivolity, the Western Reaches and their memorable populace are sure to bring a smile to your face for months-nay, decades after you turn the final page. FROM THE BOOK "Neil!" Nancy shouted as the tide of Colonists carried him away. "I'll remember you fondly!" Neil winced at those words and wondered if he would ever see his mother again. Then, he wondered why his mother would say such a callous thing as her only son was about to be sacrificed to a volcano god by crazy Islanders. Then, he thought about Talya. Then, he thought about Bob. Then, he thought about why he was thinking about anything other than trying to get away. Then, he had a plan. However, the plan involved two swords and a lot of heavy firepower. So, he shrugged his shoulders and relaxed as they carried him past a wooden gate and along a torch-lit path toward the black mountain. Life was not good, but at least he had a Scarab that said "GHOTI" and had gotten his nipples pinched within the last two hours. Things could be worse. And they were seriously about to be. In the mind of each person on the planet, a set of notions and ideas of God or gods reside. Some of these systems are basic and simple. Others are highly complex and complicated. Some borrow their God/god notions from authority, or from others they know. Others are much more original - eclectically piecing together many separate parts from multiple sources. No two people in the world experience and translate God/gods in the same way. And this is what makes things so interesting! As I have encountered this wonderful life, I have also

bumped up against countless people who were in the position to explain exactly who God was and was not. They were quite sure of themselves, and anxious to impart this wisdom to me. But because I had a mind and heart of my own, this put me on the outside looking in, for much of my life. We all come to a place where we realize we must make our minds up as to what we will and will not do, how we will think and who we will be. As I have encountered “them” and their God/gods, I have found my own way through this foggy maze, and discovered a modicum of peace and reconciliation in the process. This is the massive task of all of us, as well as why I needed to lay it out to you, in this lengthy, 2-part book.

jury, and executioner. Murdock's techniques and attitude are sometimes gory, over the top, and just plain repulsive. But that's the appeal. You'll want to follow him to the very end of each of his violent adventures. The time is 1969, the place is New York City, and in these concrete canyons, everybody has got an angle. Frankie Fortuna, the greatest crooner of four decades, calls Mike Murdock in to help get back his kidnapped granddaughter. Full of suspense, the chapters take you through twists and turns that keep you riveted to the pages. Murdock is hard boiled, not always on the "up & up", and isn't bashful about hurting people. His Colt .45 semi-automatic is always tucked in his shoulder holster, ready for action. He can do, and does, things that police can't. You will find it difficult not to turn the pages from start to finish in this sequel.
