This volume explores how vagueness matters as a specific problem in the context of theories that are primarily about something else. After an introductory chapter on the Sorites paradox, which exposes the various forms the paradox can take and some of the responses that have been pursued, the book proceeds with a chapter on vagueness and metaphysics, which covers important questions concerning vagueness that arise in connection with the deployment of certain key metaphysical notions. Subsequent chapters address the following: vagueness and logic, which discusses the sort of model theory that is suggested by the main, rival accounts of vagueness; vagueness and meaning, which focuses on contextualist, epistemicist, and indeterminist theories; vagueness and observability; vagueness within linguistics, which focuses on approaches that take comparison classes into account; and the idea that vagueness in law is typically extravagant and that extravagant vagueness is a necessary feature of legal systems.

Step-by-step projects cover the latest information on panel adhesives, improved repair strategies, unibody vehicles, media blasting, panel overhaul and replacement, and tools and techniques for water-based paint products.

Planning a trip around the world? The Rough Guide to First-Time Around the World is loaded with the very latest travel information, from visas and insurance to vaccinations and round-the-world tickets. This book will help you design the best possible trip, with tips on using your phone abroad and guidance on which websites, apps and travel agencies to use to get the best deals and advice. You'll find insightful information on what to pack and which festivals not to miss, how to stay safe and - perhaps most importantly - how to get under the skin of a place and meet the locals in a natural way. As well as an inspirational full-colour 'things not to miss' section, the guide includes regional profiles and maps to help you plan your route and plenty of practical advice to help you save money. The Rough Guide to First-Time Around the World has everything you need to make your trip as enriching and memorable as it should be. Make the most of your time with The Rough Guide to First-Time Around the World. Now available in PDF format.

This book is the first to take an in-depth examination of the breadth and scope of exhibitions, trade fairs and other industrial events as a marketing tool or channel. Industrial Events are planned events that are staged with the primary aim of marketing businesses, industries and products. This may lead to direct sales through these events, as well as the development of brand image or building brand awareness; penetration of new markets; trials of new products and knowledge diffusion. These business goals might be future-focused, with meetings of strategic players from across an industry or sector contributing to the shaping of future innovations and development. Industrial events act as a marketplace, but rather than seeing them as temporary or isolated activities, they can be understood as cyclical clusters. This is a multidisciplinary book written by an international group of leading academics, offering a wide range of case studies that feature countries such as the United Kingdom, United States of America, Japan, South Korea, Saudi Arabia, Australia and New Zealand. It will appeal to students and researchers in the fields of cultural studies, history, tourism, sociology, economics and management

Writing a book is fun and easy--yes, FUN AND EASY--but it may not always feel that way. How do you find the time to write? How do you keep momentum? How do you deal with the horror of showing anyone a single sentence of your work-in-progress? The answers remain fun and easy, and author Elizabeth Sims will take your hand, dispel your worries, and show you how it's done in this stress-free guide to accomplishing your dream of writing your book. In *You've Got a Book in You*, Elizabeth is that encouraging voice guiding you through the entire process, from finding the right time and place to gathering all of your creative tools to diving right in and getting it done--page by page, step by step. It's easier than you think, and it all starts right here, right now. "This guide is witty, warm, and wise--and wonderfully down-to-earth as well. Elizabeth Sims doesn't just tell you that you've got a book in you, she shows you how to pour it out using your own creative spirit, common sense, and persistence." ~Lori L. Lake, author of *The Gun Series* and *The Public Eye Mystery Series* "If you're searching for the spark of inspiration to get started writing a book, and the nourishment to sustain you to THE END, Elizabeth Sims's *You've Got a Book in You* will show you how to find it in yourself."

~Hallie Ephron, award-winning author of *There Was an Old Woman* "You won't find an easier-to-follow or more inspirational writing guide." ~L.J. Sellers, author of the bestselling Jackson mysteries "By focusing the high beams of her intelligence (and humor!) on the twisty trail of book-writing, in *You've Got a Book in You*, Elizabeth Sims proves herself a true writer's friend. As she guides you from the creation of a "working title" through her (brilliant!) "Making-It-Better Process," this well-established pro plays her most impressive cards--stacking the deck in favor of YOU!" ~Jamie Morris, Director, Woodstream Writers "Elizabeth Sims packs a twelve-week writing course into 280 pages. Inspirational and yet extremely hands-on, *You've Got a Book In You* will give newbies confidence to forge ahead and will remind veteran writers why they began writing in the first place--for the joy of it. I won't be surprised when the brilliant terms 'stormwriting' and 'heartbrain' become part of every writer's lexicon." ~Julie Compton, author of *Tell No Lies and Keep No Secrets* "The book is encouraging and inspiring, practical and witty. As a seasoned writer, I appreciate the reminders about the importance of putting yourself on a writing schedule. No more excuses. The many 'writing blasts' are very helpful and will get any writer out of the starting blocks. I especially enjoyed the section, 'Writing with the Masters.' What better way to get inspired, get a feel for different styles, and get jump-started on your writing? Excellent advice that I plan to incorporate in my future classes. I concur with Sims that 'writer's block' is greatly exaggerated. Is there any other profession that claims such a phenomenon? 'Excuse, me, but I have 'book-keeping block,' 'playing music block,' or 'painting block' today? I don't think so. Get yourself on a schedule, read some Sims, write with the masters, and you'll be on your way. You'll be glad you met this friend on your journey to becoming a successful writer." ~Gesa Kirsch, Ph.D., Professor of English, Director of Valente Center for the Arts and Sciences, Bentley University

Lace up your boots and sample more than one hundred hikes in America's most famous national park. Geysers, paint pots, and glowing blue pools; deep canyons with plunging waterfalls; broad river valleys with seemingly endless views; and tall rugged

mountains—Yellowstone National Park is a hiker's paradise with more than 800 miles of trails. Let veteran hiker and outdoor writer Bill Schneider guide you on a wide variety of day hikes and extended backpacking trips into the vast interior of this national treasure. Whether you're a day-tripper or long-distance hiker, old hand or novice, you'll find trails suited to every ability and interest in Yellowstone National Park. Features Hikes suited to every ability Detailed directions Elevation profiles, difficulty ratings, and information on hiking in bear country Full-color photos throughout Full-color GPS-compatible maps of each trail.

Mile-by-mile descriptions and maps for more than 100 hikes eliminate the guesswork of hiking in this mountain paradise east of Puget Sound. From short day hikes to long backpack expeditions, Hiking the North Cascades is a passport to one of the most beautiful mountain areas in North America.

Thoroughly updated and revised, this four-season guide features 146 of the best hikes from every quarter of the range, geared to differing levels of skill and experience, and includes 38 honorable mention hikes.

A comprehensive guide that includes a vast range of species and plant communities and employs thorough, original keys. Based primarily on vegetative characteristics, the keys don't require that flowers or other reproductive features be present, like many plant guides. And this guide's attention to woody plants as a whole allows one to identify a much greater variety of plants. That especially suits an arid region such as Utah with less diverse native trees. Woody plants are those that have stems that persist above ground even through seasons that don't favor growth, due to low precipitation or temperatures. Woody Plants of Utah employs dichotomous identification keys that are comparable to a game of twenty questions. They work through a process of elimination by choosing sequential alternatives. Detailed, illustrated plant descriptions complement the keys and provide additional botanical and environmental information in relation to a useful introductory categorization of Utah plant communities.

Supplementary tools include photos, distribution maps, and an illustrated glossary.

An annual text which provides suggested solutions to a series of case study type questions on taxation law.

With fresh journalistic writing and reams of information on what to see and do, this guide takes readers from the big cities to the countryside. Includes candid reviews on restaurants and accommodations for all budgets. 83 maps. Full-color insert. Two-color throughout.

Muscle car enthusiasts can take this fact-filled reference with them anywhere! Featuring more than 300 American muscle cars produced during the last 40 years, this is the ultimate guide for high-performance enthusiasts. This full-color reference features more than four decades of the most powerful American cars ever produced. Listings include a historical background, original factory specifications, available options, original pricing information and an updated price guide, with current values in six condition grades. Includes every type of high performance model from early full-size favorites like the 1961 Chevrolet Impala SS to muscle car heyday favorites like the 1970 Plymouth Road Runner SuperBird, as well as other high-performance classics of the 70s, 80s and 90s.

Rebuild and modify your Ford inline six with help from the leading performance builders of these engines, Vintage Inlines!

Covering Ford's small 6-cylinder engine made famous in Falcons, Comets, Mustangs, and many other models from the 1960s and 1970s, this book has everything you need to know from step-by-step rebuilding instructions to performance parts that will set you apart from the rest of the crowd. If this is your first engine build, you'll be glad to know that every aspect of a complete rebuild is here. Starting with engine removal, you'll learn all the different steps, including examination, machine work, reassembly, and reinstallation. The mystery is revealed on setting ring gap, checking valve-to-piston clearance, and even degreasing the camshaft for spot-on valve timing! Whether it's replacing the undersized and outdated 1-barrel carburetor or the original Load-O-Matic distributor, you'll learn how to get the most from the engine that came as original equipment in literally millions of our favorite Ford vehicles. With the information in this book, you'll learn how to add a 2-barrel carburetor, electronic ignition, and even a header so you can have the smooth rumble of dual exhaust. Congratulations on your decision to build and modify one of the most popular engines from some of the most popular cars in Ford's long history with Ford Inline Six: How to Rebuild & Modify!

This is the first comprehensive identification guide dealing exclusively with the birds of this region. It covers all the species, including vagrants, found in Ecuador, Columbia, Venezuela, Aruba, Curaçao, Bonaire, Trinidad and Tobago, Guyana, Suriname and French Guiana. Over 2,300 species are described in depth in the text, describing geographical variation, identification, status, habitat, voice and taxonomy. This authoritative book will not only be an indispensable guide to the visiting birder, but also a vital tool for those engaged in work to conserve and study the avifauna of this region, which is of such importance to both the indigenous species and those which pass through on migration. A companion to Birds of Northern South America: An Identification Guide - Plates and Maps Volume 1 and Volume2 available as a shrinkwrapped set: 0 7136 6026 0 £85 'The best field guide ever produced.' *Cage & Aviary Birds*, June 2007 'An extremely impressive and very valuable contribution to the literature on neotropical birds and I would certainly recommend it to anyone interested in the region.' *worldtwitch.com* (January 2007)

Collector's Originality Guide: Mustang 1964 1/2-1966 is the definitive guide to one of the greatest cars in American history: The Ford Mustang. Launched to tremendous acclaim in the mid-1960s, this sporty car was an instant hit with buyers selling tens of thousands of units in its first months of production and launching an iconic Ford nameplate that continues on to this day. Naturally, the Mustang car became an instant classic, and has been a favorite among collectors and restorers for decades. In this paperback reissue of the highly popular hardcover book, author and photographer Colin Date walks through all of the details of the first-generation Mustang's 2 1/2-year production run, providing collectors with everything they need to know to identify, classify, and restore these iconic cars. Filled with gorgeous color photography, this book has been and continues to be a must-have for all Ford Mustang fans.

Covers all sedans including XR6 and XR8, station wagon, utility, cab chassis and Fairlane - LTD. Includes LPG and turbo engines. the end is near Surviving the apocalypse is one thing. Enjoying life after most of civilization is wiped out -- that's entirely different. Maybe you can outrun an avalanche, or escape a burning building, but can you really cut it after the unthinkable happens? Can you, for example, deal with damn dirty apes, convert your car to run on bathtub gin, or synthesize a species-saving vaccine from your own mucus? No? Obviously, it's not going to be as easy as you thought to come out of Armageddon as the new ruling king of the world. Any chump off the street could be lucky enough to have the immunity to survive the all-of-humanity-killing disease, or be the one dude who happens to make it through a meteor strike. But not everyone will know what clothes to wear to intimidate, or what kind of vehicle you want to be driving in the postapocalyptic wasteland. Not everyone will have the sense to discern whether their food is, in fact, people. You can survive the apocalypse without this book. But the apocalypse isn't the problem: It's what happens afterward. You against the other people left in the world. You'd better be prepared.

Offers profiles of the most popular muscle cars from the 1960s and 1970s through the mid-1990s.

The Definitive Golden Girls Cultural Reference Guide is an in-depth look at the hundreds of topical references to people, places, and events that make up many of the funniest lines from the ever-popular television series, The Golden Girls. Over the course of seven seasons and 180 episodes, The Golden Girls was a consistent top 10 hit, yielding 58 Emmy nominations, multiple spin-off shows, and millions of lifelong devoted fans with its biting observations and timeless humor about such issues as dating, sex, marriage, divorce, race, gender equality, gay rights, menopause, AIDS, and more. Reruns are run on multiple cable networks daily and are streaming 24/7 on Hulu. This book brings 21st Century viewers "in on the joke" while educating readers about pop culture and world events from the past.

HIKING OLYMPIC NATIONAL PARK, 2nd edition (Falcon) A Guide to the National Park's Greatest Hiking Adventures Erik Molvar  
This updated guide describes the author's favorite routes among the 585 miles of maintained trails in a wilderness ecosystem that stretches from the beaches of the Pacific to the heart of the Olympic Mountains in Washington State. Hikes range from strenuous glacier crossings to short walks through the park's temperate rain forest. Information includes best season, elevation gain, difficulty, and detailed directions to the trailhead as well as narratives about each hike's highlights, beautiful photos, and accurate maps. Veteran explorer Erik Molvar is an author and executive director of Biodiversity Conservation Alliance, an effective nonprofit conservation organization.

Fully revised and updated, The Rough Guide to Conspiracy Theories sorts the myths from the realities, the allegations from the explanations and the paranoid from the probable. Who might be trying to convince us that climate change is or isn't real? What is the truth behind the death of Osama bin Laden and is he still alive? When did the CIA start experimenting with mind control? Where is the HAARP installation and did it have anything to do with the Japanese tsunami disaster? Why is surveillance in our cities and online so widespread and what are the real benefits? This definitive guide to the world's most controversial conspiracies wanders through a maze of sinister secrets, suspicious cover-ups hidden agendas and clandestine operations to explore all these questions - and many many more. Now available in PDF format.

Includes Part 1, Number 1: Books and Pamphlets, Including Serials and Contributions to Periodicals (January - June)

"These cars are the milestones of the Motor City's mightiest era, from the ground-breaking Pontiac GTO to the modern muscle cars of today. This book features 75 of the best - from the Road Runner and Barracuda to the Camaro, Mustang, and Firebird."--Jacket.

Covering nearly all of the wilderness trails in the Wind River Range and offering suggestions for day hikes, extended trips, and off-trail exploration, this revised edition contains detailed descriptions and National Geographic maps to get you to the trailheads and help you plan your trip. This new edition includes new full color maps and stunning full color photos, as well as GPS coordinates for all trailheads. Look inside to find: • Hikes suited to every ability • Mile-by-mile directional cues • Difficulty ratings, trail contacts, fees/permits, and best hiking seasons • An index of hikes by category, such as easy day hikes, extended backcountry trips, hikes to lakes, and hikes for solitude • Invaluable trip-planning information, including local lodging and campgrounds • Full-color photos throughout • National Geographic maps
