I was born and raised to hunt and kill rogue paranormals, to protect the human world from supernatural threats. But my life is torn asunder when a botched mission destroys what hunters most value--my humanity. And there's no room in the Julii clan for a huntress with demon blood. One sassy pyromaniac thief, three sexy-as-sin monsters, and a paranormal conspiracy of epic proportions. It was an ordinary job. Another night, another asshole collector of the supernatural. I free some poor little beasties from their cages, pocket a few trinkets to pay my bills, and burn the place down on my way out. Just call me the Robin Hood of monster emancipation. I didn't count on three manly monsters following me home like lost puppies. Stunningly hot lost puppies, but still. Now I've got a seductively cheeky incubus, a sweetly enthusiastic demon, and a grimly stoic angel camped out in my kitchen. They're determined to repay me for my help, and they won't get out of my apartment until they're satisfied we're even. To be fair, they've got no place else to go. A covert band of hunters captured their boss, and the trail is ice-cold. I'll lend a hand if it means I can send them packing... and when it looks like we're up against the same creeps who murdered the person I loved most, you'd better believe I'm all in. Track down the baddies. Steal back the boss. Don't get killed along the way. Oh, and maybe hook up with a monstrous hottie or two. Piece of cake. I'm so going to regret this. *Shadow Thief is the first book in a new urban fantasy series from bestselling author Eva Chase. If you love kickass heroines with sass to spare, drool-worthy monsters who have their own sense of morality, and steamy romances where there'll be no choosing required, dive in now!*

USA Today Bestselling author, W.J. May, brings you to a new level of fantasy. Fans of Underworld and paranormal worlds will love this story! PARANORMAL HUNTRESS BOX SET is the first 3 books of the Paranormal Huntress series - altogether in one collection! "The wise learn many things from their enemies." My name's Atlanta Skolar, and I'm a huntress. No, not the vampire-slaying type, or the ever-brooding Winchester brothers from Supernatural. I live a relatively normal life—during the day at least. I go to school, have friends, and try my best to survive Uncle James' horrendous cooking. However, the nights in the city of Calen are not always calm. There's a thin veil between our world and the world of monsters, the good and the bad. I'm one of the few who stands between the two. With the help of my uncle, who's taken me in since my parents' deaths, I spend the nights making sure the balance is maintained and that each side keeps to their respective places. At least, that was until something rattled the cages and everything hit the fan. There's a new evil in town, an evil that's been here before, and it may be responsible for my parents' deaths. An evil that isn't satisfied with the balance. It'll do all it can to make sure darkness falls over Calen and the rest of the world once again. Scary? That ain't the half of it. It's particularly interested in me. Why? No idea. But it's my job as a huntress to make sure the evil is stopped, no matter what. BOOK 2 The city of Calen has fallen. The forces that once held the city as one are scattered and drained of power. Adelaide, one of the witches who's haunted and threatened the peace once made by the elders in the territory, has regained her power by releasing the hybrids she's created. She's determined to destroy Calen and all those who stand in her way. Atlanta, the Druid huntress, responsible for unlocking the hybrids and the murder of her uncle, tries to come to terms with what's happened. The fate of Calen rests in too few hands. Divided sanctions, Vamps, Wolf and Druid, must unify or each race stands no chance of survival. BOOK 3 Calen has fallen. Everlore has fallen. Atlanta Skolar is on the run. Barely escaping the clutches of Adelaide, and believing her mother is dead, she escapes the fires of the ancient city. Her escape, though, is bittersweet. Coupled with the unknown ability she has recently discovered, and the curious case of her platinum colored hair, she has yet to find a way to defeat the witch and her followers. Joined by her band of trusted friends, Atlanta must work to find the remaining Lunar Books and figure out the secrets within if she wants to stop Adelaide's conquest for complete dominance. But with hybrids and the compelled hot on her trail, the task seems almost impossible. Atlanta must find the strength within her, and unleash the powers of the Coven Master, if she wants to ensure the survival of her friends...and herself. As an assassin of the Lifeless League, there are two rules I live by: 1. Never kill another hunter. 2. Obey orders. When I find that my newest set of targets are branded with the Mark of the Hunter, I don't know who I can trust anymore. I can't take their lives without knowing why these mysterious men turned their backs on the League. A choice will have to be made eventually. Even if they refuse to make anything easy for me. The four brooding ex-assassins give me trials, training, and tests to study my unusual powers and prove myself as one of them. A deadly plan is now in place but they've all made one grave mistake: Underestimating me. Because I'm adding a third and final rule to my list: 3. Survive. This is a Reverse Harem Series, recommended for readers 18 and over.

Three trials stand between Lera and exile. Unless the training kills her first. Quint magic has never chosen a human before, and the Elders Council is convinced Lera is a mistake. When the quint refuses to be cleaved apart, the enraged elders give them a choice: exile from Lunos or demotion to the lowest of trainees. Subject again to the humiliations and

deadly trials they endured centuries ago, the males now face a new challenge--training Lera to survive. River, Shade, Coal, and Tye will do whatever it takes to keep Lera safe. But Lera will do whatever she must to keep them together--even if it means putting herself in mortal danger. MISTAKE OF MAGIC is a full-length reverse-harem fantasy novel, sequel to the Amazon bestseller, POWER OF FIVE.

In a world where the gods live together in one society, a revolution is coming--led by the goddess Artemis and the four gods who are her allies and protectors. Artemis is pulled from her simple life in the forest, where her father Zeus hid her to shield her from a dangerous society and taken to the Academy of the Gods. The strongest god in the Academy, Apollo is dead taking with him any hope for a new future. Artemis must take her brother's place in the Trials of the Gods, a series of challenges designed to either prove her strength or determine her failure. The winner of the Trials will lead the Academy towards a new future. Can Artemis win the Trials and fulfill her brother's plans to bring equality to all gods and goddesses? Dealing with her new life and role is challenging enough without the distraction of the gods she must ally with: Thor, Loki, Dionysus, and Triton. Romance is the last thing on her mind, but the closer the five work as a team, the harder it is to resist. Not everybody supported Apollo's desire to begin a revolution. His plan to create equality for the goddesses in a world where they're inferior could be the reason for his death. Can Artemis also bring Apollo's killers to justice? Or will those behind his murder succeed in stopping the revolution Apollo planned? Huntress is a reverse harem fantasy romance which joins Greek, Roman and Norse mythology into a sexy and thrilling story, from USA Today bestselling authors Angel Lawson and LJ Swallow.

Welcome to Cedar Falls...I thought the sign seemed a little too welcoming, but when you get the call to move from the goddess herself, you don't get to be picky. I just wasn't expecting my new home to be so rustic and...down on its luck. But, when you're a witch, life can get pretty interesting...and dangerous. Especially when someone is killing the local coven. At least the chief of police is pretty hot, when he's not accusing me of being the murderer. Cedar Falls seems to have no shortage of hot men. With so many stunning men, why choose just one? Sorry, Chief. Let's just hope I don't get too distracted before I find the murderer, open my new bookstore, and help Cedar Falls become what it was meant to be...First Moon is an adult novel intended for mature audiences only. It contains graphic language and sexual situations. 18+ readers only! This is a medium burn reverse harem where the girl gets all the guys. Why Choose?
