Cars and guitars that have made their way to light since the book's first publication in 2005 are included: Cars: Mexican Blackbird 1958 Thunderbird Quintana '50 Ford Custom El Camino Grocery-Getter custom Whiskey Runner '34 Ford Coupe '51 Willys Wagon Guitars: Party Peelers John Bolin Customs Neiman Marcus BFG SG Nacho Telecaster John Bolin "Think Buck" T-style Mexican Blackbird solidbody Mojo Maker Tone Bender Zemaitis custom Marconi Lab Guitar 1929 Dixie Ukelele 1939 Rickenbacker Frying Pan ...and more! While BFG's cars 'n' guitars are the stuff of legend, no less intriguing are the tales behind his incredible music career. From teenage Houston garage rocker to the Rock and Roll Hall of Fame, the whole story is between these covers, told in the Good Reverend Willie G's own words and illustrated with photos and memorabilia from his personal archive. As with many rockers, Billy F Gibbons' jones for hot rods and customs is the stuff of legend. But beyond this bona fide bluesman's mastery of the six-string and unrepentant love for internal combustion is a noted collector whose own designs have manifested themselves in hundreds of mind-bending cars and guitars. This is the definitive and official record of that genius.

Buick Riviera tells the story of the Buick Riviera; how it artfully blended styling, luxury, comfort and performance from its earliest years as a trim model, to its dramatic debut in 1963 as an exciting unique automobile for the Buick Division. By 1960, Buick sales were tumbling steadily downward and it became obvious that drastic changes were required in not only styling and performance, but in the GM Division's overall public image too. The Riviera of the future would not exist simply as a stylish version of another model in the Buick line-up. The Riviera was slated to lead Buick's renaissance. The Riviera would shed what was left of Buick's conservative, immediate post-war image, and thrust the Division into the groovy, swinging sixties. The Riviera over the next decade was seen as a more sophisticated 'cool' aimed at the successful up-and-coming, shirt and tie, business types, rather than the tie-dye T-shirt, blue jean, mod

squad! Included in this book is all the pertinent data and information on the 1963 to 1973 Riviera models enthusiasts will enjoy, as well as a quick look at some of the sweetest customised Riviera models ever built that cruise the roadways today!

Written with Carroll Shelby's full collaboration and with a foreword by Edsel B. Ford II, the great-

grandson of Henry Ford, this is the definitive record of America's preeminent twentieth century sports car builder and racer—now available as an ebook. It was motoring author Rinsey Mills' passion for AC cars and motorsports history that led to his first meeting with Carroll Shelby. His suggestion that they should collaborate in order to create an accurate record of Shelby's life and achievements at first was rebuffed but later taken up with enthusiasm. This authorized biography is the result. Carroll Shelby: The Authorized Biography was a long time in the making, as Mills left no stone unturned in his quest to produce the complete study of Shelby's remarkable life. He carried out extensive research and conducted numerous interviews, fully capturing the narrative of Carroll Shelby within and outside of the automotive racing world, including his: Childhood in Texas Wartime service with the Army Air Force Postwar entrepreneurship Earliest race wins in 1952 Legendary 1959 victory at the 24 Hours of Le Mans Monumental release of the first Cobra and the formation of Shelby American in 1962 Historical partnership with Ford that would last for decades Personal interests and travels Present-day legacy Fascinating photographs from Shelby's personal collection complete a book whose original hardcover edition was published mere weeks before his passing, making Carroll Shelby: The Authorized Biography a magnificent and lasting tribute to one of the greatest automotive figures of the twentieth century.

F1 Mavericks is the story of the grandest, most influential, and most fondly remembered era in Formula 1 racing as seen through the lens of master motorsports photographer, Pete Biro. The period from 1960 to 1982 saw the greatest technological changes in the history of Formula 1 racing: the transition from front engines to rear engines, narrow-treaded tires, massive racing slicks, zero downforce, and neck-wrenching ground effects—and, of course, a staggering increase in performance and reduction in lap times. In short, the period saw the creation of the modern Formula 1 car. This is also the time when legendary names who defined F1 were out in full force: Jim Clark, Jack Brabham, Dan Gurney, Sir Jackie Stewart, Graham Hill, Niki Lauda, James Hunt, Bruce McLaren, Jody Scheckter. We'll see and meet all of them. But *F1 Mavericks* also focuses on the designers and engineers behind the cars—men like Colin Chapman, Sir Patrick Head, Maurice Philippe, Franco Rochhi, Gordon Murray, and many others. We'll hear directly from many of them, including a foreword from 1978 F1 World Champion, Mario Andretti. Every chapter is a photographic account of key races throughout the period, supplemented with sidebars featuring key designers and technologies, like wings, ground effects, slick tires, turbochargers, and the Brabham “fan” suction car. *F1 Mavericks* is an international story, and includes loads of information on designs from Japan (Honda), Britain (McLaren, Tyrrell, Cooper, BRM) Italy (Ferrari, Maserati, Alfa Romeo), France (Matra, Ligier, Renault), Germany (Porsche, BMW) and the United States (Eagle, Shadow, Penske, Parnelli). Strap yourself in for the story of the greatest era in Formula 1 racing—it's all here in *F1 Mavericks*.
