Bestselling author Carlos Castaneda introduces readers to the worlds that exist within their dreams.

Carlos Castaneda burst onto the academic and cultural scene in 1968 when he published the first of four books detailing his supposed apprenticeship with a Yaqui Indian sorcerer named Don Juan. While academic critics contend Castaneda invented Don Juan, believers say the fog surrounding his existence express the very ideals that Castaneda attributed to his apprenticeship. Little is known of the Peruvian claiming to be Don Juan's apprentice, but in addition to leading a generation into a mystical otherworld, Carlos Castaneda was also a man. Married to him for thirteen years was Margaret Runyan Castaneda. A

Magical Journey with Carlos Castaneda reads partly like a love story, partly like a tell-all account of a celebrity writer. Margaret Castaneda concentrates on the years leading up to her marriage in 1960. It was then Margaret and Carlos explored many of the ideas -- from controlling dreams to using hallucinogenic mushrooms -- that he claims to have learned from Don Juan. Nevertheless, Margaret Castaneda believes her husband was indeed a sorcerer, and she still loves him. She insists Castaneda's academic critics miss the point. "I'm willing to accept Don Juan as a spiritual teacher, and it really doesn't matter if he's not real." But the role she claims -- in developing the ideas Carlos purports to be Don Juan's -- ought to be recognized, she says, so she wrote this book.

Millions of readers worldwide have treasured the visionary brilliance of Carlos Castaneda, who first explore the world of the Yaqui Indian sorcerer in *The Teachings of don Juan*. Now, at last, don Juan returns in *The Power of Silence* -- wise, infuriating, capable of working miracles and playing practical jokes, but always seeking the wisdom of the warrior. *The Power of Silence* is Castaneda's most astonishing book to date -- a brilliant flash of knowledge that illuminates the far reaches of the human mind. Through don Juan's mesmerizing stories, the true meaning of sorcery and magic is finally revealed. Honed in the desert of Sonora, the visions of don Juan give us the vital secrets of belief and self-realization that

are transcendental and valid for us all. It is Castaneda's unique genius to show us that all wisdom, strength, and power lie within ourselves -- unleashed with marvelous energy and imaginative force in the teachings of don Juan -- and in the writings of his famous pupil, Carlos Castaneda

In this book, the reader will discover the answers to: - Why love does not last in most relationships - Where you go after you die if you are prepared - How to correct unconscious dating - How to keep loving relationships even after death - How to find your larger community of aware individuals - Discover the "not doing" of sex to maintain passion forever "Sex Dreaming resolves the most pressing personal dilemma of our time; how to have honest commitments in our relationships and at the same time fulfill our destiny as magical beings." Finally the readers of Toltec literature, as revealed in contemporary times by Carlos Castaneda, are presented with the missing key for their complete awareness. In his revolutionary book, Anthony Flores Vega has brought back hitherto hidden nagual teachings from the last members of the Quetzalcoatl lineage. Any detailed discussion of sexuality had been absent from the Rule of the Nagual . . . until this moment in modern history. "The Map of Sex Dreaming can lead us out of our estranged jungle. We no longer have to accept the constraints of unconscious partnerships. There is a clearing beyond the chaos, and it glitters in the full

sunlight of honesty. We can at long last accept our true nature, and love the totality of ourselves."

In 1968 University of California Press published an unusual manuscript by an anthropology student named Carlos Castaneda. The Teachings of Don Juan enthralled a generation of seekers dissatisfied with the limitations of the Western worldview. Castaneda's now classic book remains controversial for the alternative way of seeing that it presents and the revolution in cognition it demands. Whether read as ethnographic fact or creative fiction, it is the story of a remarkable journey that has left an indelible impression on the life of more than a million readers around the world.

the Oliver Cromwell Cox Award for Distinguished Anti-Racist Scholarship and was heralded on the front page of the New York Times. For this new edition, Loewen has added a new preface that shows how inadequate history courses in high school help produce adult Americans who think Donald Trump can solve their problems, and calls out academic historians for abandoning the concept of truth in a misguided effort to be “objective.” What started out as a survey of the twelve leading American history textbooks has ended up being what the San Francisco Chronicle calls “an extremely convincing plea for truth in education.” In *Lies My Teacher Told Me*, James W. Loewen brings history alive in all its complexity and ambiguity. Beginning with pre-Columbian history and ranging over characters and events as diverse as Reconstruction, Helen Keller, the first Thanksgiving, the My Lai massacre, 9/11, and the Iraq War, Loewen offers an eye-opening critique of existing textbooks, and a wonderful retelling of American history as it should—and could—be taught to American students.

Merilyn Tunneshende learned the secrets of Dream Power, energetic healing, and sorcery from don Juan Matus, the Toltec shaman who mentored Carlos Castaneda. This book is her personal story of over 30 years of interaction with the mystical guides, dreams, and prophecies of the Maya. Through her journey we learn of the power of transmutational energies and how they might be applied to heal and transform our world. Like so many in the early 1970s, Merilyn Tunneshende had plans to travel the world beatnik-style, beginning with Mexico. Traumatized by the sudden death of her fiance after a series of premonitions, Merilyn found her adventurous trip transformed into a path of spiritual awakening, which took her into an intense apprenticeship with Toltec shaman don Juan Matus. After becoming a fully initiated Toltec sorceress and Nagual Dreaming Woman, she experienced a second trauma that threw her from the path of mystical study back into the everyday world of the West. For years she pursued her career as a teacher and linguist--all but dismissing her former mystical experiences as madness. When a series of dreams begin to pervade her consciousness and she received a heart-breaking diagnosis that she had AIDS, Merilyn returned to the world of Mayan prophecy and nagualist training in order to unleash the powers of transmutative

“A marvelous book with rich teachings that particularly touch the heart of death -- and, thus, life itself.”--Thom Hartmann, author of *The Last Hours of Ancient Sunlight* Carlos Castaneda comes back from the dead in a true-life spiritual adventure story set in the French Pyrenees, Machu Picchu, the Peruvian Amazon, and the American Southwest. Four months after his death, the world-renowned writer, anthropologist, and mystic Carlos Castaneda turns up in the French Pyrenees. He meets with writer Martin Goodman. His purpose? To lead Martin beyond the fear of death and the confusions of mortality, and to offer a clearer understanding of the ultimate wisdom -- the wisdom to live the rest of our days in full and conscious harmony with the living earth. Martin Goodman is a gifted storyteller who has infused *I Was Carlos Castaneda* with literary verve and humor. When, at their first encounter, an incredulous Goodman confronts Castaneda with reports of his recent death, Castaneda replies wryly, “Details. . . mere details.” And so the story begins.

Written in the form of a teaching story, Bamso uncovers for readers the fundamentals of astral projection and "doubling" the art of lucid dreaming. Presented in an engaging yet instructive manner, this book will captivate fans of Carlos Castaneda and Paulo Coelho.

For us to perceive any of the worlds that exist beside our own, not only do we have to covet them but we need to have sufficient energy to seize them. In this revolutionary book, Carlos Castaneda offers readers the key to this energetic conditioning for the first time, revealing a series of body positions and physical movements that enabled various sorcerers, and their apprentices, to navigate their own sorceric journeys. By sharing this centuries-old wisdom, Carlos Castaneda makes it possible for readers to travel to some of these other realms, which are as real, unique, absolute, and engulfing as our own world. Castaneda

offers both a philosophical history of magical passes and an innovative, easy-to-understand instructional format, complete with more than 450 computer-generated illustrations. Written with humor, clarity, and authority, *Magical Passes* further illuminates the true meaning of sorcery and magic.

After the departure of Don Juan and Don Genaro, Carlos continues his magical journey with three men and four other women, and the most powerful of them, a woman called La Gorda, teaches him lessons in the art of dreaming. Castaneda looks back on the time he spent as an apprentice to the descendants of the Shamans. The reader will find here a distillation of all his key thoughts and ideas.

*Fire from Within* is the author's most brilliant thought-provoking and unusual book, one in which Castaneda, under the tutelage of don Juan and his "disciples," at last constructs, from the teachings of don Juan and his own experiences, a stunning portrait of the "sorcerer's world" that is crystal-clear and dizzying in its implications. Each of Carlos Castaneda's books is a brilliant and tantalizing burst of illumination into the depths of our deepest mysteries, like a sudden flash of light, like a burst of lightning over the desert at night, which shows us a world that is both alien and totally familiar -- the landscape of our dreams.

Lucid dreaming—becoming fully conscious in the dream state—has attracted legions of those seeking to explore their vast inner worlds. Yet our states of sleep offer much more than entertainment. Combining modern lucid dreaming principles with the time-tested insights of Tibetan dream yoga makes this astonishing yet elusive experience both easier to access and profoundly life-changing. With *Dream Yoga*, Andrew Holecek presents a practical guide for meditators, lucid dreamers ready to go deeper, and complete beginners. Topics include: meditations and techniques for dream induction and lucidity, enhancing dream recall, dream interpretation, working with nightmares, and more. Originally drawn to Yaqui Indian spiritual leader don Juan Matus for his knowledge of psychotropic plants, bestselling author Carlos Castaneda immersed himself in the sorcerer's magical world. Ten years after his first encounter with the shaman, Castaneda examines his field notes and comes to understand what don Juan knew all along—psychotropic plants are merely a means to understanding alternative realities that one cannot fully embrace on one's own. *Journey to Ixtlan* introduces these clear new ideas—omitted from Castaneda's classic volumes *The Teachings of Don Juan* and *A Separate Reality*—to the reader for the first time. Castaneda explores, as he comes to experience it himself, his own final voyage into the teachings of don Juan, and

Twilight Language of the Nagual is a shamanic and spiritual account that illuminates the author's experiences under the tutelage of don Juan Matus, the Toltec shaman who mentored Carlos Castaneda, and the sorceress doña Celestina. The author journeys from a mountaintop peyote pilgrimage of the Huichol people of western Mexico to the home of Tibetan monks in Mexico City and the hut of a Mazatec mushroom shaman in a remote Oaxacan village. She learns the Twilight Language of Dreaming, an avenue for understanding the energetic gateways of human existence. Don Juan Matus defines the language of this dream power and doña Celestina tutors on sex, reproduction, and male-female affairs in relation to the state of the world. Twilight Language enables communication between beings of the upper and lower realms. The author describes how it is possible for our individual and collective consciousness to be transported to higher levels. collect what I considered to be the memorable events of my life.... Don Juan described the total goal of the shamanistic knowledge that he handled as the preparation for facing the definitive journey: the journey that every human being has to take at the end of his life. He said that what modern man referred to vaguely as life after death was, for those shamans, a concrete region filled to capacity with practical affairs of a different order than the practical affairs of daily life, yet bearing a similar functional practicality. Don Juan considered that to collect the memorable in their lives was, for shamans, the preparation for their entrance into that concrete region, which they called the active side of infinity." In this book written immediately before his death, anthropologist and shaman Carlos Castaneda gives us his most autobiographical and intimately revealing work ever, the fruit of a lifetime of experience and perhaps the most moving volume in his oeuvre.

Carlos Castaneda takes the reader into the very heart of sorcery, challenging both imagination and reason, shaking the very foundations of our belief in what is "natural" and "logical." In 1961, a young anthropologist subjected himself to an extraordinary apprenticeship with Yaqui Indian spiritual leader don Juan Matus to bring back a fascinating glimpse of a Yaqui Indian's world of "non-ordinary reality" and the difficult and dangerous road a man must travel to become "a man of knowledge." Yet on the bring of that world, challenging to all that we believe, he drew back. Then in 1968, Carlos Castaneda returned to Mexico, to don Juan and his hallucinogenic drugs, and to
