If you have zero experience I would like to encourage you to buy How to Day Trade Futures as your first investment in your investing and trading education which will give you money making skills that will last you the rest of your natural life. These skills to make money will also enable you to be location independent and live anywhere in the world you chose to live. The information I give to brand new investors and day traders is very specific and is strictly meant for those who have zero knowledge of the futures markets. When you are done reading this short book you will know what the first and most important things to study are. This information will save you a lot of time, get you on the fast track and cut down your learning curve which can be long and very expensive in this business. The reason you bought How to Day Trade Futures and why it is unique is that it is going to tell you about the who, what, where, when and how about what you need to know to be able to trade and invest in today's futures markets (or any market) with confidence and zero fear and to be able to do it the right way from the very start. Knowing the proper information from the beginning is critical to your success in this business and How to Day Trade Futures gives you head start to getting on the fast track to driving your money train to the bank every day.

The bestselling holy grail of trading information-now brought completely up to date to give traders an edge in the marketplace "Sound trading advice and lots of ideas you can use to develop your own trading methodology."-Jack Schwager, author of Market Wizards and The New Market Wizards This trading masterpiece has been fully updated to address all the concerns of today's market environment. With substantial new material, this second edition features Tharp's new 17-step trading model. Trade Your Way to Financial Freedom also addresses reward to risk multiples, as well as insightful new interviews with top traders, and features updated examples and charts.

Become a Master of Point & Figure Charts Prashant Shah, one of the prominent Point & Figure analysts, has presented

Download Ebook The Consistent Trader How To Build A Winning Trading System Master Your Psychology And Earn Consistent Profits In The Forex Market

a wonderful method in the simplest possible way. His approach of making things objective and rule-based has lent a new dimension to the world's oldest charting technique. This is a comprehensive book on trading and analysis using the Point and Figure methodology. The concepts are explained with many real-life chart examples from the Indian market. A peek into what you will find:

- What is a Point & Figure chart and how to plot it?
- Basic and advanced price patterns with numerous chart examples, trading rules for all patterns.
- Simple and effective ways to identify trend.
- How to use P&F counts to arrive at high-probability price target.
- How to use traditional tools and indicators in P&F charts.
- High probability patterns to capture momentum stocks and sectors.
- Objective method to identify market outperformers using Relative Strength.
- A few indicators developed, by the author, exclusively for P&F charts.
- 20-years of Back-testing results of P&F patterns providing interesting market insights.

Both experienced as well as novice can benefit from the concepts discussed. A thorough understanding of the contents of the book would help the reader reduce the noise and achieve consistent success in markets using the Point & Figure charts.

Douglas uncovers the underlying reasons for lack of consistency and helps traders overcome the ingrained mental habits that cost them money. He takes on the myths of the market and exposes them one by one teaching traders to look beyond random outcomes, to understand the true realities of risk, and to be comfortable with the "probabilities" of market movement that governs all market speculation.

Praise for *The Markets Never Sleep* "An excellent primer for futures and the global financial market, a clear voice of their importance for all traders. Tom also gives an easy-to-understand professional approach to discipline, money management, and the 'numbers' to watch that indicate market direction. Help for all traders to earn bigger, more consistent profits." --Ned W. Bennett, CEO, optionsXpress, Inc. "Well . . . they've done it again! Tom and Patsy have written another insightful and entertaining book on understanding and trading the world's markets. *The Markets Never Sleep* shows how to analyze all the global markets and use timing and money management to control losses and reap significant rewards without using up all of one's emotional energy. In other words, everything needed to make trading fun and profitable!" --Russ Mothershed, former corporate executive and current DTI student "Trading follows the sun, as Busby points out, and with a click of one's mouse, traders today have the full advantage of global trading. Busby makes a compelling case for opportunistic trading. In an easy-to-follow outline, he shares trading strategies to ensure a high probability of profit. *The Markets Never Sleep* is a must-read for traders and investors who seek insight navigating the global markets." --Chuck Dukas, President, TRENDadvisor.com

This book is written for brand new aspiring day traders who have zero experience and are looking for the information they need to get started the right way from the first day. If you are already trading real money, having great success, I

Download Ebook The Consistent Trader How To Build A Winning Trading System Master Your Psychology And Earn Consistent Profits In The Forex Market

encourage you to keep it going this book is going to be very elementary for you. This book is the bible for brand new investors and traders who need to start somewhere. This is the place! What you will learn in this book will fast track your knowledge of what you need to know to get started learning. You can perhaps go from knowing 0 to trading and making real money in the live markets in as little as 30 days to a couple of months if you do what it says in this book. This time frame is not etched in stone and may well take you less or more time depending on how fast you grasp the basic principles of this book and how fast you can employ them in a live market environment with real money. If you would like to learn to trade and invest in the markets (any markets) and trade and invest in them the right way from the very start of your trading and investing education/career then I highly recommend you pay attention and do what it says in this book. If you are a brand new beginner you should read every single page in this book. Multiple times if need be. This book is meant to expedite your learning curve which can sometimes be long and costly. Sure you can Google this or that information however it would take you many years to learn what I am going to tell you in this book before you could invest any of your hard earned real money in the live markets and have a chance making real money. This first book in the series is meant to give you the basic information you need to make a decision as to whether to get into this business or not. You can screw around and waste a lot of training and education time on things that won't help you to make money in the live market or you can learn to trade by focusing on the reality of how markets work and how money is really made and lost in markets. This means quantifying real demand and supply in a market and then buying low and selling high, just like you do in everyday in every other part of life, buying at wholesale and selling at retail. The live market is no different. Do you want to make money right away in the live market or waste time and perhaps A LOT OF MONEY on doing things the wrong way from the start the cost of which can be steep and be an account killer and no one wants that right? I have written this book in a way I feel the progression of information should be learned to be able to go into the live markets with confidence and no fear. The principles in this book can be used in any liquid market on any time frame it does not matter. This is what makes the information so valuable. By the time you are finished with this book you should have learned the following: What money management is and why you need to learn it first. Why you need to master your own psychology to work in the live market. Why you must always work with a rule based plan. You will have learned to quantify and monetize fear. Read this book, study hard, go in the market and get your money!

The Consistent Trader How to Build a Winning Trading System, Master Your Psychology and Earn Consistent Profits in the Forex Market TCK Publishing

This is a textbook on currency trading with no fluff, no talks rather straight forward explanation of rules and strategies. Don't watch youtube and try comprehending information that you have gathered in pieces from websites to make your trading career profitable.

Download Ebook The Consistent Trader How To Build A Winning Trading System Master Your Psychology And Earn Consistent Profits In The Forex Market

Here you will get all forex trading material packed in one spot concisely. There has never been a better time to start trading. Though the text mostly mention forex trading but the general guidelines in the book are applicable to trading all asset classes. It's by far the world's biggest market and most liquid market. It's said that 5% only make winning trades. You don't have to be part of 95%. The experiences are presented in the book but not as stories but clear guidelines to follow. SHUT UP. READ. MAKE MONEY FOR A CHANGE Don't be confused that only Advanced traders or Professional traders are profitable traders. They are profitable at the beginner's stage & then they learn to multiply the profits. So learn to be profitable first as a beginner trader. Save your "time", the fun is not in reading books and watching videos/webinars on how to be a profitable forex trader; real fun is in trading. Dog earmark the pages and keep this book at your arm's length for continuous reference to trade profitably. What you will find in this book--

- 1 Forex Terms You Need To Know
- 2 Trading Fundamentals
- 3 Candle Sticks / Candle Stick Charts
- 4 Support & Resistance
- 5 Trend Lines & Trends
- 6 Moving Averages
- 7 Trend & Pattern Recognition
- 8 Strategies
- 9 Trading Habits & Success

This book gives you an effective blueprint when trading the Forex Market, and one applicable to all markets. It focuses on the foundational aspects required of all successful traders and not on specific trading methods or strategies. Aspiring traders often put the cart before the horse, so to speak, and try to master techniques and strategies without having the foundations required to use these effectively. This is the equivalent of a beginner martial artist, a white belt, being provided black belt routines on their first day in the dojo. What are the chances that they'll be understood and that the student will be able to apply them? The Consistent FOREX Trading Blueprint provided in this book gives you nine key steps or components that will enable you to have a firm foundation of solid bedrock, one that you can then build upon and add to. It is the first "belt" in your quest towards mastery of the Forex Market, and even mastery of self. Written by traders and addressed to traders, the steps in this book have been proven to work by the authors, as well as by many successful traders in different markets. At the same time, their lack can be seen as the main reason for failure among the unsuccessful traders. Things like not having a plan, not journaling your trades, not reviewing them constantly, and other missteps can be easily avoided and, in fact, converted into the strengths behind your success in the markets. Take advantage of this book to fast-track your trading career. Start living your life, your way, by your rules, and not by someone else's. Take control of your life and your future. By using this book, you can successfully start trading in the world's largest market, one that trades in excess of \$5 trillion dollars each and every day, 24 hours a day, 5 and a half days a week. Join a community of intelligent people who let their money work for them, instead of them working for money. Learn one of the best skills you can master during times of uncertainty, the ability to produce money without depending on anyone else except yourself. And never forget that life is a journey, so make sure you continue taking steps in the right direction all the time. This book is but one step. albeit an important one. The future is yours. Reach out and grasp it. See you on the inside!

Avoid bogus trading systems, learn from a real day trader, and make consistent profits day trading stocks Day Trading Stocks the Wall Street Way: A Proprietary Disclosure on Intra-Day Trading and Swing Trading Equities provides a real-world guide to successful day trading, and gives you the tools, techniques, and tested, reliable methods you need to trade like the pros. Written

Download Ebook The Consistent Trader How To Build A Winning Trading System Master Your Psychology And Earn Consistent Profits In The Forex Market

by a seventeen-year day trading veteran, this guide talks you down from the industry hype to give you a realistic grounding in self-discipline, consistency, and patience while teaching you the hard skills you need to have a real chance of success. Avoid losses by swerving from the typical beginner's path of seminars, software, and major brokerage houses, and instead develop the insights that lead to real, long-term profits. With an engaging and humorous tone, the author relates his own experiences and lessons learned to teach you the do's, the don'ts, and the ingredients for success. You'll discover Josh DiPietro's FUSION TRADING SYSTEM—a proven method developed from years of reliability testing. He'll show you how intra-day setups and swing trading setups can be merged to develop a perfect trade. The surest path to failure and tremendous financial loss begins with the over-eager, overly optimistic amateur trader who sees day trading as a quick and easy path to wealth. This book gives you a much more realistic outlook, and the fundamentals you need to make the most of the market. Get an honest perspective on real-world day trading Gain the wisdom of experience and avoid common pitfalls Learn the framework to Josh Dipietro's profitable FUSION TRADING SYSTEM A poorly defined trading approach will cost you more money than you will make, rendering your day trading venture a potentially damaging net loss. Day Trading Stocks the Wall Street Way: A Proprietary Disclosure on Intra-Day Trading and Swing Trading Equities teaches you the avoidance of loss, the discipline, and the transparent strategies of success, so you can play the market to win.

Have you ever wanted to be your own boss and have financial freedom? Have you ever considered trying to make trading your main source of income, but you couldn't figure out how to do it? Are you going through a trading dilemma, learning something new, and then finding yourself stuck with lots of information and no results? Are you stuck in various trading cycles, learning all the time, but still can't figure out how to really trade successfully? And wondering why some people succeed and some don't? Are you searching for a strategy that could generate you consistent profits month after month? In the Trader's Guide you will find the answers to these questions and more. This book provides a clear, winning, step-by-step guide to:

- How to successfully trade in the Forex and Commodities Markets, or any financial markets and generate consistent profits.
- How to use proven techniques to find winning trades that generate real profits consistently.
- Learning lessons and tips from the author's 15+ years of experience as a proprietary trader.
- Price action trading formulas that will get you up to speed trading as soon as you finish reading this book.
- Risk Management rules that you can follow in order to succeed in any financial market.
- How to create a trading plan that becomes your own personal business plan.
- How to have clear trading business routine and follow it on a weekly and daily basis.

A top forex trader reveals how to ease into this market and excel Trading the forex market has become one of the most popular forms of trading, mainly because of its twenty-four-hour access and the fact that there is always a bull market available in this arena. But not everyone is interested in quitting their jobs and spending all day trying to make a living trading. That's where Forex in Five Hours a Week comes in. This book shows readers how they can master a few techniques, focus their efforts on their choice of time frame, and profit in the forex market. Readers with a day job and little time to dedicate to the market will learn all they need to know to capture consistent profits

Download Ebook The Consistent Trader How To Build A Winning Trading System Master Your Psychology And Earn Consistent Profits In The Forex Market

Day trading is difficult. The path is fraught with risk. But a pot of gold awaits those who learn their lessons well. After four decades in the markets as a trader, analyst, author, educator, and system developer, Jacob Bernstein sets down a comprehensive guide to the art of day trading. You will learn: New day trading methods Order entry strategies How to avoid costly errors when using electronic trading platforms Detailed strategies to maximize profits With this book, readers will have the complete guide they need to profit from this risky but exciting field. Trading profits are just a day away.

Think like a trader. Act like a trader. Become a Super Trader. "Let your profits run!" It's the golden rule by which all Super Traders live. With the help of investing guru Dr. Van K. Tharp, you can join the ranks of full-time traders who consistently master the market. Using the lessons of Super Trader, you will approach trading as you would a small business--realistically, systematically, and enthusiastically. Drawing on his decades of experience, Tharp has created a simple plan designed to help anyone successfully navigate the market that includes the following: Mastering the psychology of trading Crafting a "business plan"--a working document to guide your trading Developing a trading system tailored to your personal needs and skills Creating position sizing strategies to meet your objectives Monitoring yourself constantly to minimize mistakes You can put this plan to use immediately. Throughout the book, Tharp raises the pertinent questions you must ask yourself about becoming a trader, being a trader, and succeeding as a trader. The rewards that come with being a Super Trader--both financial and personal--make you feel as if you can leap small buildings in a single bound. Whatever your skill level, Tharp provides the formula for succeeding in a field where most people fail.

As a brand new investor and trader with zero knowledge of the business you are at a loss as to what information you actually do and do not need and you tend to make the same mistakes as everyone else trying to do this business. Newbie stock traders tend

Download Ebook The Consistent Trader How To Build A Winning Trading System Master Your Psychology And Earn Consistent Profits In The Forex Market

to do what everyone else is doing and study what everyone else is studying thus they have the same results and failures as everyone else, don't be that trader! The market is not a big secret and all of the information you need to make a trading decision is right out in the open. If you know where to find the information and know what to look for you can and will make some money every day in the market provided you are looking at the right information and utilizing the best trading techniques. How to make Consistent Profits in the Stock Market can help you keep it simple and filter the huge amount of information out there down to only what you need to know right away and then can work towards adding more information and studies as you go. My philosophy is to start small and build on success have limited exposure while you hone your skills, then progress as you become more competent and build up your account. All traders who have made it and make money consistently in the market are making it from the beginner traders who have visions of grandeur and dollar signs rolling around in their eyes like some old cartoon. If you want to make it in this business, I would listen to the advice in How to make Consistent Profits in the Stock Market very carefully, I am going to share with you information that professional real money traders don't want you to know about.

Statistics show that 90% to 95% of retail traders are not profitable. After reading this book you will learn how to be in the remaining 5 - 10% of consistently profitable crypto traders. Hi, my name is Andy LaPointe and prior to getting involved with cryptocurrencies and blockchain in 2013, I spent 15 years as a registered investment advisor, Series 7 stockbroker and mutual fund wholesaler. As a mutual fund wholesaler, I spoke with, have been trained by and worked with many of the world's top institutional money managers including Bill Gross from Pimco, Louis Navellier, Blackrock, State Street Global Advisors and more. What this means to you is after you have completed this one-of-a-kind book, you'll learn the trading behaviors and thought patterns you need to be successful as a crypto trader. You'll possess the right mindset to become a successful, consistent and long-term crypto trader. You see, the crypto market is different than any other type of market. The reason is the crypto market moves so fast. There is no other market that is as fast as cryptocurrencies. What I mean is, prices in crypto can go up 50% in a day and the very next day fall back nearly 50%, too. So having the right mindset and approach to crypto trading is vital. My book will help you to protect your capital, identify more reliable trades and time your entries to increase the probability of success. This means you'll be able to consistently make more money while limiting frequency of losses. This is accomplished by providing you a complete crypto trading road map starting with how to create the right mindset created especially for trading cryptocurrencies. You'll learn how to see the bigger picture, in the same way that the "smart money" and professional crypto traders see it. Crypto traders must learn and employ the right disciplined approach to identify high-probability trade sets and not get caught up in the FOMO (Fear Of Missing Out). You can have the best technical analysis skills, you can have a five or six figure trading account, but unless you possess the right crypto trading mindset, all of that other stuff isn't going to matter. You see, many crypto traders think by using their wits and cleverness they can be long-term and successful traders. Unfortunately, that is the worst approach to trading. Understanding how to trade the fast and extremely profitable crypto currency market, traders need to follow a grounded and disciplined approach. When you think about it, isn't that what you really want? To learn how to trade without emotion and follow a time-tested, grounded and disciplined trading method. Now that is the key to crypto trading... In this book, I have only included proven, market-tested methods to teaching you how to conquer your trading fears, learn how to trade the market for what it is and not what you want it to be. You'll use the information in this book to establish a disciplined approach and a profitable trading mindset for successfully trading crypto currencies for years to come. If you want to become a disciplined, long-term profitable crypto trader then go

Have you tried options trading and failed before, but still interested in finding a way to go from zero to \$15,000 a month and achieve financial freedom online? Are you looking for a way to escape your 9 to 5 routine and make consistent passive income in the currency markets even if you have no experience? No matter the reason, if you are interested in achieving true financial freedom, options trading is one surefire way to get there. However, to succeed in options trading, you need to know how to do it the right way. The truth is most people that start out in options trading won't make any profits and will end up failing or worse, lose their entire savings. "Options Trading 2021" is written to show you how you can maximize the latest options trading strategies for your financial gains even if you are a complete beginner. This book reveals an aspect of options trading not often discussed or exposed to the general public. Leveraging his more than 15 years of experience in the options trading world, Gary Russell reveals how 7 figures traders make thousands of dollars every month trading options and how anyone can take advantage of the secrets behind their trading strategies to make consistent income. This step-by-step playbook reveals how options trading works in simple, non-technical terms as well as what beginners or average traders can do to make high probability trades with laser precision and make consistent income regardless of market conditions. Here is a preview of what you will discover inside this book: What options trading is in simple terms and how a complete newbie can profitably trade it The secret trading strategies that consistently earn all 7-figures traders over \$15,000 every month and over \$150,000 every year Robust information on how to manage risks and cut losses drastically Specific ways beginners can create profitable options trading systems in 2021 A unique section, covering how to avoid pitfalls and

Download Ebook The Consistent Trader How To Build A Winning Trading System Master Your Psychology And Earn Consistent Profits In The Forex Market

make profits when the markets are going sideways How to avoid Financial Crises (Covid and others) and exploit them to your advantage with a step by step strategy to create your Passive Income And much more... Even if you have failed miserably or lost money trading options in the past, this book comes with a clearly structured set of tools and practical information that will help you trade options and make consistent profits whether the market is moving upward or downward. Scroll up and click the "Buy Now" button to download the entire book right now! Everyone is a great trader in hindsight. One of the greatest benefits of this book is that I am telling you all of the things not to do to begin with all in one place all at one time. It is clear it is concise. Should you desire to not listen to the advice I give you in this short book then what ever happens happens. The thought provoking ideas and advice in this book can save you a lot of learning curve time and also hopefully save you some of your hard earned money on lost positions if you just take the time to think what is being presented to you logically. The information in here is brutally honest and practical with pure and transparent content. Stock trading offers huge profit potential for traders if you have the right tools for success from the very start on day one. You need to find an edge and a way of trading that matches your personality and psychology and then then go in the market and get paid. What you can learn from this book takes most traders years to uncover themselves. You can know this information for the cost of this book that as I said can save you quite a large amount of learning curve time and perhaps a lot of money. You're welcome! There is no system in this book. This book contains the information you as a beginning trader must have to become successful and consistently profitable on a daily basis. I don't know about you, but I am in this business to make money. Anyone who tells you anything else is full of BS. It is a risk taking, money making business. If you are not prepared for that then stop reading now. Trading is easy however most brand new traders make it so complicated for themselves that they end up quitting before they have had a chance to make any real money. Don't be that trader. Don't become one of the sheeple of the herd and study what everyone else studies, do what everyone else does, and make the same mistakes everyone else does. Don't get me wrong you will make some mistakes and perhaps lose some money however if you have done all of the right preparation and studied the right information from the very beginning your mistakes will be minimal and not repeated over and over and over because you'll know better from having read this entire book. I am not saying it is going to happen overnight. Most successful traders and investors I associate with have in the very high thousands of hours of screen time and have their own rules based plan for the type of specific trading and investing they do. They are only looking for the lowest risk highest reward positions with the highest probability of having a positive outcome. If you are looking for anything else or doing it any other way chances are your outcome from the market could be financially unfavorable.

Through his own trading experiences and those of individuals he has mentored, Dr. Brett Steenbarger is familiar with the challenges that traders face and the performance and psychological strategies that can meet those challenges. In *Enhancing Trader Performance*, Steenbarger shows you how to transform talent into trading skill through a structured process of expertise development and reveals how this approach can help you achieve market mastery.

Discover the only resource you'll ever need to start generating consistent income trading the volatile markets with time-tested and cutting-edge trading techniques and strategies! Have you ever wondered how you can protect yourself and your loved ones from the financial impact of these uncertain times? In uncertain times such as these, relying on a single source of income is a terrible idea. In the past, you could rely on a job to cater to the needs of you and your family as long as you live, but this isn't the case anymore. As the recent wave of layoffs that is affecting both white and blue-collar jobs has shown. But this doesn't have to be you. An in depth analysis of price action movements. Sound knowledge with respect to the most efficient price action techniques of analyzing the markets. After reading this guide you will be able to: Trade on your own and achieve consistently good results month after month, provided you learn and follow what is presented throughout the book. Interpret and analyze price action movements in a way that will provide you with high probability trading setups. Establish key areas in the market where the price is most likely to change direction. See the main trend and the change of trend by combining the most efficient price action techniques of market analysis. Establish the confluence area in the market, the area where all the best trades have are most likely to happen. Find trading setups, execute them, place protective stops, set targets and manage every trade to finish. Adapt to every situation the market will through your way.

Success as a day trader will only come to 10 percent of those who try. It's important to understand why most traders fail so that you can avoid those mistakes. The day traders who lose money in the market are losing because of a failure to either choose the right stocks, manage risk, and find proper entries or follow the rules of a proven strategy. In this book, I will teach you trading techniques that I personally use to profit from the market. Before diving into the trading strategies, we will first build your foundation for success as a trader by discussing the two most important skills you can possess. I like to say that a day trader is two things: a hunter of volatility and a manager of risk. I'll explain how to find predictable volatility and how to manage your risk so you can make money and be right only 50 percent of the time. We turn the tables by putting the odds for success in your favor. By picking up this book, you show dedication to improve your trading. This by

itself sets you apart from the majority of beginner traders.

Why 95% Of Traders Lose Money and How To Become That 5% Who Make Consistent Profits Day In And Day Out With Options Trading...

Do you still believe that options are difficult to understand and manage investment and that you need a lot of upfront technical knowledge to make them make you money? Maybe you have burned your hard-earned money in the past, and that makes you much more skeptical about seeking new opportunities? Would you like to gain unshakeable confidence with proven trading strategies that work consistently, no matter your trading experience and technical background in the market? If you answered "Yes" to at least one of these questions, please read on... Listen... I know that the world of investing is packed as hell these days. And that every single day you are being bombarded with all types of advertising messages offering you new 'strike-rich' opportunities. And you are right. At least 90% of them (unclear antecedent) are not worth your time and money! That's why so many new investors and traders lose money, in some cases, a lot of money with their first investments and eventually end up giving up too soon! Do you know what the problem is? Most new Traders listen to advice from people who have never made a dime in their investment career. It's like taking business advice from a college teacher who is making \$2500/month and teaches you how to run a 7-figure business. It's not how it works! Inside this book, I put the knowledge and wisdom of people who have actually been there and done that. Fundamentals that turned everyday people like you and me into 7-figure investors and traders. Want to know more? Take a look at what's inside: What are Options, and why is it such a good trading tool to use? (actually the best one I know of!) Options Trading vs. Conventional Trading (In this chapter, you'll find out why 95% of new traders fail!) The Only 2 Types of Options You Need To Know About (and how to use each one to make your first big profits with Options Trading) Do you struggle with Terminology and specific Options Vocabulary? (don't worry, inside this chapter, all the boring technical knowledge you need to know about is explained in the simplest way possible) 5 Types of Greeks in Options Trading (use them to find out the level of risk your 'money-making' Option is carrying at a specific time) How to develop a Successful Trader's Mindset and not be emotional about your trades and investments? 10 Types of Proven Options Trading Strategies (just take and put them into action!) The most deadly mistakes you MUST AVOID at all cost! (unless you want to burn your Options Trading portfolio completely) Much much more... I think I am running out of space already. There is so much more inside! And even if you have never traded Options or have absolutely ZERO investing experience, don't worry. This book will take you by the hand and lead you through every single step! So don't wait, and Become That 5% of Successful Traders With Consistent Success!

An option is a contract that allows (but doesn't require) an investor to buy or sell an underlying instrument like a security, ETF, or even index at a predetermined price over a certain period of time. Buying and selling options are done on the options market, which trades contracts based on securities. Buying an option that allows you to buy shares at a later time is called a "call option," whereas buying an option that allows you to sell shares at a later time is called a "put option." This book will help you find the exact same steps professional options traders use to earn consistent profits from the stock market. In this book, you will discover: - Why you only need a few hundred dollars to get started. - How to earn a massive profit with a huge ROI on stock market price moves. - Ways to earn money on declining stock prices. - The joys of earning an income from options each and every single week. You may even be able to quit your job! - The different types of options there are - we'll demystify calls and puts for you. - The most common options trading strategies used on the markets by professionals. - Learn all about the Iron Condor and Iron Butterfly. - Find out how people are earning a regular income from vertical spreads. - Discover the joys of "selling naked". And much, much more!

It is huge step when you make the decision to become a trader. Most brand new traders are getting into this business because they think they can make quick money and become rich beyond their dreams and while that could happen and may be true, it is not as easy as one thinks and certainly will not happen as soon as one thinks. It is not about how much you know in the investing and trading business but about the quality of what you know. There is a certain progression of things every new trader must learn before going into the live market and working with real money. Beginners Day Trading Wealth Guide tells you what to learn first and foremost as a beginner so you can be successful and start making money right away. Beginners Day Trading Wealth Guide is specifically written for brand new self-directed traders to give them some money making techniques for consistent high profits from trading to get them started so they don't have to do a lot of searching around and perhaps waste a lot of time and money. Beginners Day Trading Wealth Guide is going to detail a lot of what the brand self-directed new traders need to know right away to be able to make real money right away. It is completely up to you to learn this business the right way. Will you? Beginners Day Trading Wealth Guide gives you clear concise information it would take you years to find out on your own before you could begin to have any chance at making a real income from the live markets. The live markets are not for the weak minded or untrained and should you decide to go in there unprepared or under prepared and without an edge as a beginner self-directed retail trader only one thing will happen, you'll get FUBAR. Don't be that trader! When you are done reading Beginners Day Trading Wealth Guide you will have an excellent basic explanation of what and what not to do before you even study anything or do any kind of education. The information in Beginners Day Trading Wealth Guide will put you on the fast track to wealth and becoming a successful self-directed investor and trader. Swing Trading Stocks using the End of Day Method is for all beginning aspiring investors and traders who are just getting their head around doing swing trading as a business and making an unlimited income from doing it. Everyone has their own ideas of what they think swing trading is and what it can do for them. Swing Trading Stocks using the End of Day Method is for people who want to start their own swing trading business and become investors and traders in today's financial markets, but have zero experience and are looking for the best quality information to get them started. This book is for beginners and will detail many of the things that a brand new trader must learn not to do before they can become consistently profitable in the live markets. You're heard the saying "just say no to drugs", just say no to day trading and you and your account will be waaaaay ahead of the game to start off. Don't say I didn't warn you, OK, continue with your insanity and

buy this book to give yourself a fighting chance. The learning curve in the investing and trading business and it is a business can be long, brutal and very very expensive if you learn the wrong way. Swing Trading Stocks using the End of Day Method aims to tell you how do study it the right way the first time and greatly reduce that long learning curve by showing you what the market is really made of and who are actually in control of it and when they are in control of it. When you have this information and can see it on a live price chart in real time and pull the trigger without hesitation you can make a lot of damn money, what are you waiting for?

Are you struggling to make consistent profits in the stock market? What if there is a way to help you make explosive and massive profits within a shorter time-frame? What if I told you that you can get precise entry and exit points before the stocks even start rallying, irrespective of whether it is a bull or bear market? Did you manage to buy the stock before the stock price surged up? And how can you tell whether the price will continue to rise further or it will face a major drop? I will show you exactly how thousands of professional and rookie traders have used the best swing trading strategies to identify potential explosive swing trades beforehand. In this amazing and must read book you will find: The definition of swing trading The difference between swing trading and day trading What makes a successful swing trader How to swing trade Swing trading trends in the market How to analyze stock charts Swing trading strategies How to manage risk The basics of fundamental analysis The basics of technical analysis There is no doubt that trading in stocks can be a very lucrative venture but to be a successful trader, you need to learn at least a few basic tricks of the trade. There is always a risk and to minimize that risk as a new trader you need to develop unique strategies that will help you to protect yourself as you navigate the often murky waters of the stock market. Making money in the markets is not easy, however. When entering the markets, you face challenges you have not even begun to conceive of, and all of this is before you face the biggest challenge out there: yourself. Swing trading is the simplest form of making money in the markets if you are a beginner. This book will guide you with regards to the ins and outs of not only the markets but take on a behind-the-scenes tour to look at what happens behind all those price bars and squiggly lines you see on your trading terminal. As a trader, every decision you make could make or break you so it pays to have a resource at your disposal that will help you to cut through the confusion so you can make every step with confidence. Once you learn the ropes, you will be trading like a pro in no time. If this is an area of interest for you, then it is time for you to get started. Take your first step and read this book to get a head start and learn the correct way to swing trade yourself to success and financial independence. Grab your copy now!

The steps in this book are carefully designed to grow your trading account while protecting you and giving you with the confidence and discipline that will, over time, take you to a place of financial freedom and success.

The classic book that introduced the investment industry to the concept of trading psychology. With rare insight based on his firsthand commodity trading experience, author Mark Douglas demonstrates how the mental matters that allow us function effectively in society are often psychological barriers in trading. After examining how we develop losing attitudes, this book prepares you for a thorough “mental housecleaning” of deeply rooted thought processes. And then it shows the reader how to develop and apply attitudes and behaviors that transcend psychological obstacles and lead to success. The Disciplined Trader helps you join the elite few who have learned how to control their trading behavior (the few traders who consistently take the greatest percentage of profits out of the market) by developing a systematic, step-by-step approach to winning week after week, month after month. The book is divided into three parts: • An overview of the psychological requirements of the trading environment • A definition of the problems and challenges of becoming a successful trader • Basic insights into what behavior may need to be changed, and how to build a framework for accomplishing this goal • How to develop specific trading skills based on a clear, objective perspective on market action “A groundbreaking work published in 1990 examining as to why most traders cannot raise their equity on a consistent basis, bringing the reader to practical conclusions to go about changing any limiting mindset.”—Larry Pesavento, TradingTutor.com

How do you transform yourself from mild-mannered investor to Super Trader? Think clearly. Plan accordingly. Commit completely. In other words, become a trader. And no one is better suited to help you make the transformation than legendary trading educator and author Van K. Tharp. Combining the sharp insight and technical brilliance that has drawn legions of investors to his books and seminars, Tharp provides a holistic approach for becoming a successful full-time trader. His system—a meld of investing psychology and sound trading practice—is the secret to achieving optimum conditions that produce results in both bull and bear markets. Using the lessons of Super Trader, you will approach trading as you would a small business—realistically, systematically, and enthusiastically. Drawing on his decades of experience, Tharp has created a simple plan designed to help anyone master the market. You can put this plan to use immediately in order to: Master the psychology of trading Craft a “business plan”—a working document to guide your trading Develop a trading system tailored for your personal

needs and skills Create position-sizing strategies to meet your objectives Monitor yourself constantly to minimize mistakes Throughout the book, Tharp asks the pertinent questions you must ask yourself about becoming a trader, being a trader, and succeeding as a trader. The rewards that come with being a Super Trader—both financial and personal—make you feel as if you can leap small buildings in a single bound. Whatever your skill level, Tharp provides the formula for succeeding in a field where most people fail.

"The options market is the only growing market for broker/dealers. Currently the average daily volume of option trading is about 20 million contracts a day, which is akin to 2 billion shares, making the options market bigger than the equity market. Even with the growth, options are not well understood by the retail investor. This book will make people better investors even if they do not trade listed options by revealing how one can create hidden options at little or no cost as they structure their financial affairs to reduce risk and increase wealth"--

The Ultimate Forex Trading System has chosen an easy, foolproof, practical approach to trading using only real time or leading inherent signals (chart patterns, price dynamics, currency pairs correlation, volume-price-analysis and traders sentiment) that control the currency moves. And because of this unique approach, The Ultimate Forex Trading System has reached an extraordinary performance. In a very short time the system makes you able to: 1- Analyze the market as accurate as possible, 2- Find the best entry and exit points and manage your trades, 3- Control your psychology during the trades and 4- Gain a consistent profit. With a proven 92% winning rate on all currency pairs and removing the three major Forex trading difficulties (profitability, manageability and psychology), The Ultimate Forex Trading System gives you an enjoyable, stress free and highly profitable trading experience. No matter you are an experienced trader or a beginner, The Ultimate Forex Trading System can boost your profit. As soon as you adopt the system, you will find yourself a naturally winning trader. Introducing High Performance and Optimal Trading concepts, it empowers you to take out the highest possible gain from your trades. Plenty of real trading examples, informative pictures and targeted exercises guide you step by step to The Ultimate Forex Trading System.
