As a young child of the Oglala Lakota Sioux, Black Elk had been given a mighty vision which would lead him on a personal journey that lasted his entire life. Although Black Elk's vision was a prophetic message telling the terrible future of his tribe, it also held positive aspects that must be reclaimed. It is through this reclamation that the guiding beacons given to him reveal an ancient pathway woven into the images of the West. By exploring Black Elk's eyewitness account of the crucial events of that time, the author discovered a series of metaphorical footprints that show us the way toward inner strength and a balanced life...125 years later. To help with an interpretation of Black Elk's account, the author invoked the insight of Joseph Campbell, one of the world's foremost authorities on societal ideologies. Through his understanding of symbol and metaphor Campbell was able to examine the metaphorical footprints and provide us with a twenty-first century "spin" that a simple man generations before could only imagine. This book offers a new look at Black Elk's footprints and together with the insight of Joseph Campbell, presents an inward path to the positive forces within each of us, waiting for discovery. One deranged Emperor unified a country. One fearless adventurer can destroy it. Abyssinia, 1866. The crazed but dynamic Christian King of Kings has taken power as Tewodros II. His vision: to reunite Ethiopia under one crown, one God. To that end he moves his massive, gorgeously arrayed army from province to province. But rebellion is continuous and, in the end, he is Emperor of only the remote and inaccessible rock Magdala, where he holds political prisoners, spouses, relations he's tired of, and fifty Europeans. Into this barbaric and breathtaking kingdom comes American adventurer, linguist, and ethnologist, Captain Ravinger Howland. Becoming Tewodros' right-hand man, Ravi is allowed all the privileges of a royal son: concubines, armory, all the raw beef he can eat, but not the returned Queen of Sheba. American doctor Delphine Chambliss, Tewodros believes, is the reincarnation of Makeda from who all Abyssinian kings are descended. But even as Ravi begins to question Tewodros'

sanity, he falls for the bitterly bereaved Dr. Chambliss. And now, as the kingdom crumbles, Ravi and Tewodros lock horns over the woman in a battle to the death.

Publisher description: Native American Autobiography is the first collection to bring together the major autobiographical narratives by Native American people from the earliest documents that exist to the present. The thirty narratives included here cover a range of tribes and cultural areas, over a span of more than 200 years. From the earliest known written memoir--a 1768 narrative by the Reverend Samson Occom, a Mohegan, reproduced as a chapter here--to recent reminiscences by such prominent writers as N. Scott Momaday and Gerald Vizenor, the book covers a broad range of Native American experience. Editor Arnold Krupat provides a general introduction, a historical introduction to each of the seven sections, extensive headnotes for each selection, and suggestions for further reading, making this an ideal resource for courses in American literature, history, anthropology, and Native American studies. General readers, too, will find a wealth of fascinating material in the life stories of these Native American men and women.

and Vajrayana (Tantric) architecture and the four holiest sites of Buddhism will also be covered in this comprehensive volume. The author further investigates the influences of Buddhist architecture upon Islamic, Christian, and Hindu architecture that have been overlooked by past scholars."

In this book St. John's Revelation is approached as a great and singular theological poem. The author tries to see how the poem arose in an inspired mind, by what processes of divination its author explored the realm of supernatural truth, how he used the images of his Old Testament faith and gave them fresh meaning in the context of his scheme. Here the reader may follow the workings of a late first-century Christian imagination in which the Scriptures and the stars, the liturgy of the temple and the magic of numbers, the elements of nature and the march of human history are closely interwoven.

She walks away from political responsibilities, royal privilege and her family. Ten years later, Annice has become the Princess Bard and her real life is about to become the exact opposite of the overwrought ballad her fellow students at the Bardic Hall wrote about her. To save the Duc's life, they'll have to cross the country, manage to keep from strangling each other, and defeat an enemy too damaged for even a Bard's song to reach.
